

ESCAPE CHAMBERS

FROM THE DESK OF

---

**BEN HOLT**

DIRECTOR OF MARKETING

November 23, 2016

To Whom It May Concern,

I am writing this letter as an overwhelming letter of recommendation for Maren Patterson. Maren has been working with us at Escape Chambers for a while now and I have been repeatedly blown away by the projects he puts together. I have nothing negative to say and an endless list of positive stories. Besides being incredibly professional, polite, and an overall great human being to work with, he has a unique sense of creativity and continues to knock it out of the park when we task him with projects.

At Escape Chambers, our projects simply start out as rough ideas (if even that). Countless times I will task Maren with a broad outline, having no real idea how to make it a reality, only to have him come back with a finished product that exceeded my original expectations. He's done it in a countless number of platforms as well, including obscure ones where he didn't even originally know how to do it, but figured it out quickly for us.

I am hoping this letter will never have to be used because we would like to keep Maren here as long as possible but he has definitely earned this letter of recommendation. If you have any questions or concerns, please feel free to give me a call at (608) 698-1453 or email me at [benh@escapechambers.com](mailto:benh@escapechambers.com)

Best Wishes,

Ben Holt

Director of Marketing: Escape Chambers and Immerse Branding
